Re: *Albion-Sheridan Township Landfill "Superfund" Site, Calhoun County, Michigan*

Dear Kurt:

This is to confirm our telephone conversation this afternoon, April 12, 1996, regarding the Albion-Sheridan Township Landfill "Superfund" Site located in Calhoun County, Michigan (the "Site"). As you know, this firm represents the City of Albion (the "City") in connection with the matters related to the Site.

Pursuant to a letter dated February 22, 1996, entitled, "Request for Information Pursuant to Section 104(e) of CERCLA for the Albion-Sheridan Township Landfill Site, in Albion Michigan" from the U.S. Environmental Protection Agency ("EPA"), which the City received on February 25, 1996, the City had thirty (30) days from receipt of that letter (March 26, 1996) to submit a written response to EPA's information request letter, as well as to provide the EPA with any relevant documentation in support of its responses to the questions contained in the information request letter. On Thursday, March 21, 1996, you agreed to extend the City's written response to EPA's information request letter to Tuesday, April 16, 1996.

As I stated to you this afternoon, the City is currently in the process of reviewing and gathering the documents responsive to the EPA's request. However, due to the large volume of documents which are potentially responsive to the EPA's information request letter, the City has not completed its review of all of its council minutes and other documents.

This afternoon, we requested on behalf of the City, an extension to submit the City's response to the EPA's information request letter, as well as an extension to provide

documentation in support of the City's response to the information request letter. You agreed to grant the City a seven (7) day extension to respond to the information request letter to April 19, 1996.

This letter is part of our continuing settlement communications to resolve this claim and is therefore, inadmissible under the applicable Federal and State Rules of Evidence. Further, nothing in this letter is intended to be, nor should it be construed to be, an admission of any liability, responsibility, facts or law by the City of Albion, and the City of Albion reserves all rights, claims and defenses in this matter as to EPA, the State, other PRPs, and third parties.

If this is not an accurate confirmation of our conversation this afternoon, or if you have any questions regarding the same, please do not hesitate to contact me.

Very truly yours,

VARNUM, RIDDERING, SCHMIDT & HOWLETT LLP
